Broken internal JavaScript and CSS files

ⓘ *About this issue: A broken JavaScript or CSS file is an issue that should be watched out for on your website. Any script that has stopped running on your website may jeopardize your rankings, since search engines will not be able to properly render and index your webpages. Moreover, broken JS and CSS files may cause website errors, and this will certainly spoil your user experience. How to fix: Review all broken JavaScript and CSS files hosted on your website and fix any issues.*
